EDC 3rd Session: Skilling and Entrepreneurship Workshop

In continuation with the Entrepreneurship Development Programme, a session on *Skilling and Entrepreneurship Workshop* for the EDC (Entrepreneurship Development Centre) registered students was held on 8th and 9th June 2023 at Sao Chang College.

The objective of the workshop was based around the significance of skilling and entrepreneurship, its relevance to business skills required in the present day and its scopes and opportunities. Business skills such as effective communication and innovation protection, factors involved in the role of innovation and entrepreneurship in academics and the various schemes and support for students was highlighted in the workshop.

Inspector from District Industries and Commerce, Khomchopi Sangtam and Sucheli Sangtam who were the resource persons for PMFME scheme graced the occasion with their presentations and gave insightful inputs as key speakers in the programme.

The speaker highlighted about the PMEGP, PMEFE and CMMFI and its avenues in context to present market, the scopes associated with skilling in different sector and departmental support given to entrepreneurs.

On the second day, Alemlla Chang, owner of Vintage Alem Pvt Ltd and recipient of Governor's Award for skill development was also one of the resource persons. She highlighted the opportunities that are available, challenges and encouraged students to think beyond. The session was attended by 10 Students.

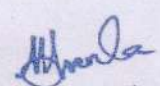

EDC is an initiative programme under Startup Nagaland policy which is supported by IDAN (Investment and Development Authority of Nagaland) and it's implemented by Educentre School of Business.
