

Report

Workshop on lip-balm and soap making

A hands-on workshop on lip balm and soap making was conducted on 25th April 2024, Time: 12:20 PM to 5:00 PM, with a total of 21 participants, including 14 students and 7 faculty members. The workshop was divided into two sessions. Session 1 comprises of Theoretical Understanding of lip balm and soap making. The first session focused on the theoretical aspects of lip balm and soap making. Mr. S.Yanchang Monko chaired the session. The resource person for lip balm making was Miss Nungsangtola, Assistant Professor, Department of Physics, SCC, while Dr. Aola Supong, Assistant Professor, Department of Chemistry, SCC, led the soap making session. Following the theoretical session, participants moved to the Chemistry laboratory at Sao Chang College for a hands-on experience. Here, they applied their newly acquired knowledge to create natural, eco-friendly personal care products. The workshop aimed to provide practical, hands-on experience in crafting natural lip balm and soap, emphasizing the use of sustainable and eco-friendly materials.

Objective: The workshop was designed with the following key objectives:

1. To educate participants on the process of making natural lip balm and soap.
2. To highlight the benefits of using natural, sustainable ingredients.
3. To encourage the use of eco-friendly raw materials in personal care products.

Outcome: The workshop proved to be highly successful, achieving its objectives with commendable participation and engagement. Participants gained valuable hands-on experience, learning to create lip balm using mint and lemon peel pigments along with honey wax, coconut oil, and olive oil. In the soap-making session, they used aloe vera, mountain ebony, and mint extracts to craft natural soaps. The initiative not only enhanced the participants' practical skills but also heightened their awareness about the benefits of natural ingredients and sustainable practices. The positive feedback and the keen interest shown by the attendees underscore the success of the event and highlight the potential for future workshops.

Subject: Permission request for conducting workshop on lip balm and soap making.

Respected Principal

In regard to the above-cited subject, I am writing on behalf of the Department of Chemistry, Sao Chang College to request permission to conduct a workshop on lip balm and soap making on April 27th, 2024 (Saturday) at Chemistry Laboratory, SCC.

The workshop aims to provide students with practical skills in crafting natural skincare products while emphasizing sustainability and eco-friendly practices. We believe that such hands-on experiences would greatly promote holistic learning among our students.

Furthermore, considering the transportation needs of the participants, we would be extremely grateful if you would offer your support in coordinating a bus for the workshop (From Tuensang Town to SCC).

We are confident that this workshop will enrich the educational experience of our students, and we are grateful for your consideration of our request.

Thank you for your attention to this matter. We look forward to your favorable response.

Sincerely

Dr. Aola Supong

Hands-On Workshop

On Herbal Lip-Balm & Soap Making

Date: 26th April 2024
Time: 12:30 PM

Organised By:
Dept. of Chemistry,
SCC, Tuensang.

Session 1

Venue: Smart Classroom
Time: 12:30 PM

Chairperson: Mr. Vanchiang Moagho,
Asst. Professor, Dept. of Chemistry

Theoretical understanding of
I) Herbal Lip Balm making:
Miss Mungxangtho
Asst. Professor, Dept. of Physics

II) Herbal Soap Making:
Dr. Aola Supong
Asst. Professor, Dept. of Chemistry

LIGHT REFRESHMENT

Session 2

Hands On Session
Venue: Chemistry Laboratory, SCC
Time: 5:00 PM

For Registration:
Contact: Dr. Aola Supong
Asst. Professor
Dept. of Chemistry
Mob. No. : 8414980088

Intake: 80 Participants

Registration will be on first come first serve basis.
